Complete Warranty

M.D. Manufacturing, Inc. warranties all its Modern Day power units against electrical component failure for a period of six (6) years. Any parts (excluding filters) required within the first six years will be furnished free of charge by the Authorized Dealer from whom the power unit was originally purchased.

Additionally, all Modern Day units are guaranteed for life against defects in materials and workmanship. In the event an Authorized Dealer is not nearby, Modern Day will honor and perform warranty services provided the power unit is returned to the factory, freight pre-paid. This warranty does not apply to commercial applications, misuse, abuse, acts of God, or if the unit has been worked on by an unauthorized person.

Exterior Venting

[†]Venting not required but optional on Model J. Model B2 cannot be vented.

Attachments & Accessories

Maximum Clean with Ease

Cleaning is so much more efficient when you have the correct vacuum tools for every application in your home. MD has all the vacuuming attachments and accessories for every cleaning need. Begin by choosing from the best hose and tool kits available today such as Stealth, EdgeLift, and TurboCat.

MD's additional innovative tools help you clean better and faster.

- **VacPan**, in-wall dustpan activated with your foot,
- **Manta**, softly vacuums and dusts hardwood floors,
- **CentraMop**, damp dusts and vacuums hard floor surfaces,
- **Stretch Hose**, for quick clean-ups without the long hose,
- **Pet Brushes**, combs and suction to keep fur at bay,
- **Crevice Brush**, sweep over and into surfaces,
- **RugRat**, mini rotating vacuum for stairs and car,
- **Hose Sock**, protect baseboards and furniture,
- and many, many more.

*Factors other than Air Watts should be taken into consideration including: altitude, amount of hours of daily usage, complexity of pipe installation, length of furthest vacuum inlet, noise level desired, type and size of filtration, country of origin, construction materials, and budget. The square footage recommendations on this page are solely based upon the suction capabilities of the unit.
