

Silence is Golden

*S*ilentMaster is the result of nearly fifty years of experience in the design and manufacturing of central vacuum cleaning systems. This singular commitment to the central vacuum cleaning industry has produced the patented, innovative characteristics of the SilentMaster which has led the quest for quiet operation.

Engineered to Perform

Created to be the quietest central vacuum, packed full of power for deep down cleaning.

Built to Last

All steel, powder-coated, with the finest electrical components to exceed your expectations.

Filtered to Flow

Air flow remains strong and motors clean year after year as a result of fine filtration through a Hyperflow bag with over 1,500 square inches of surface area.

Features:

- **6-year Inclusive Warranty**
Lifetime on Manufacturing
- **Extra Large 12-Gallon Capacity**
- **Whisper Quiet @ 68db**
- **Filters to .3 Microns**
3-Stage Microfiltration
- **Dual Ventable Exhaust**
- **Dual Debris Intake**
- **Utility Valve Hose Connection**
- **All 18 & 20-gauge Steel**
- **Powdercoated In & Out**
- **Sturdy Two-Stud Bracket**
Easy to Hang & Remove
- **Outstanding Customer Service**
- **Variety of Models Available**

Proudly Built in the USA

Vertical Bag Filtration

Enjoy longer motor life and cleaner air with MD's Vertical Bag Filtration featuring Hyper-flow material. Silent-Master's 1,500 square inches of filter surface area allow sustained performance and fine micro-filtration. The unique tapered design of the filter allows air to be drawn in from the sides of the filters rather than through the debris. An average home only requires the Hyperflow filter to be changed twice a year.

Complete Warranty

M.D. Manufacturing, Inc. warranties all its SilentMaster power units against electrical component failure for a period of six (6) years. Any parts (excluding filters) required within the first six years will be furnished free of charge by the Authorized Dealer from whom the power unit was originally purchased.

Additionally, all SilentMaster units are guaranteed for life against defects in materials and workmanship. In the event an Authorized Dealer is not nearby, SilentMaster will honor and perform warranty services provided the power unit is returned to the factory, freight pre-paid. This warranty does not apply to commercial applications, misuse, abuse, acts of God, or if the unit has been worked on by an unauthorized person.

Write Your Own Warranty

If you, the owner, believe there exists a more thorough or effective warranty by another central vacuum manufacturer, M.D. Manufacturing, Inc. will honor the other company's warranty in lieu of the SilentMaster Warranty under the following conditions: A complete copy of the alternate warranty in writing must be attached to the M.D. Manufacturing Warranty Registration Card. This card must be sent postage pre-paid to M.D. Manufacturing, Inc. MD will then honor the commitments listed on the alternate manufacturer's warranty including issues of non-transferability, wear and tear, or other exclusions.

Exterior Venting

Venting not required but optional. When venting, vent both exhaust ports.

*Factors other than Air Watts should be taken into consideration including: altitude, amount of hours of daily usage, complexity of pipe installation, length of furthest vacuum inlet, noise level desired, type and size of filtration, country of origin, construction materials, and budget. The square footage recommendations on this page are solely based upon the suction capabilities of the unit.
